Re: MB Docket No. 04-943

To whom it may concern -

I am writing concerning the FM station KLOVE heard in Scottsdale, Arizona on 105.5, 89.1, and 100.9. This radio station is a pre set station on the radio in my car. I only have 3 preset stations and KLOVE is one of them. The reason is the station provides "positive, encouraging words" and music. When I need a lift, I turn to KLOVE. I believe our society needs all the positive and encouraging influence it can get, and KLOVE is a means for that. I would be very disappointed if KLOVE was forced off the air by other LPFM stations.

This is the first time I have ever written a letter like this and I am 50 years old.

This matter is important to me.

Sincerely -

 Lisa Fint,
Scottsdale, Arizona

Dear FCC
FCC MAIL ROOM

I am writing this to you
to give you my comments
about the Low Power FM and
K-LOVE radio station.

I live in Yakima Washington
and K-Love is all I listen to.
This is the only station that is
good for everyone to listen to, and
it's the only positive and
encouraging station. There is
so much negative, bad stuff
going on, that I feel good when
I listen to K-Love.

There is so much crime,
gangs and drugs in Yakima
that K-Love is so very needed
in our area.

I know there are alot of
people that listen to K-Love
and feel the same as I do.
Please let us have the only
good station to listen to. I
would be lost without it.

Thank you,
Alchie Ottenger

K-Love serves my family on basis along with several friends in my community. It would be a terrible mistake replacing K-Love by an LPFM broadcaster providing other programming. The service that K-Love provides is in the best public interest. This is the only positive station that gives people a real message to not only adults but children as well. Our children are the future in this evil world. K-Love sings the music of our Lord "Jesus Christ" and what other station could do this? Remember this station can save lost souls, it is time we make a stand for God. Let's make a difference by keeping K-Love. 91.3

Thank you

God Bless You

ORIGINAL

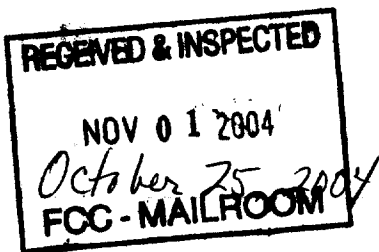

This letter is in regards to KLOVE radio network. I live in a small community and my radio is always set on K-LOVE. I have three children 10, 4 & 1. My children as well as myself enjoy the Christian music they play. I do not have to worry about what my children are hearing over the radio. I do not have to worry about what the disc jockey will say and I do not have to worry about the words in the songs we hear. This is a very valuable station to our community. Isn't there already enough sex & violence on Radio & TV?

Thank-you,

Re: MB Docket No. 04-233

To Whom it May Concern,

I am writing in regards to the FCC's consideration of giving priority to the LPFM translator service. It is my understanding that this could jeopardize my K-LOVE reception.

K-LOVE is a great benefit to my family and community. The station connects us with positive events and opportunities to help others, testimonies of family and personal victories over hardships, and encouraging music. The d.j.s are fun, funny, caring, and always sensitive to the family. Because it is safe and of such high quality programming, it is the one FM station we listen to.

My family and friends would be disappointed if we were to lose this station. Without K-LOVE, I would, without question, listen only to AM talk radio. I believe K-LOVE is in the public interest and delivers a valuable service because it provides

messages of truth, hope & love. I would ask that you not give LPFM priority over FM at the risk of K-LOVE. Thank you for your time and consideration Mrs. Moore and I

To Whom It May Concern:

I am writing in reference to
"MB Docket No. 04-233."

I listen to K-LOVE at 91.5
WJLB in southeastern Indiana.

I recently learned of
Low Power FM being introduced,
and that means K-LOVE could
be taken off the air and replaced
by another radio station.

I love K-LOVE. I don't
want it taken off the air.
It is a very positive and
uplifting station.

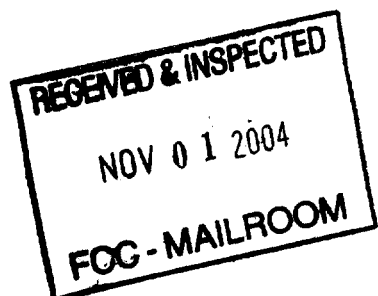

It is very much in the
public interest to keep K-LOVE
on the air.

K-LOVE conveys a message
our society needs very much!

Re: MB Docket No. 04-233

Dear Friend,

Thank you for taking the time to read this latter. I'm writing you to late you know that I'm a K-LOVE listener, I also send the K-LOVE ministry a monthly gift of \$20.00. Why I'm sending K-LOVE ministry \$20.00 a month is because I enjoy the music and the people who are willing to talk on air they always have something positive for every one of all ages. All the K-LOVE staff use language that kids can hear and they pray to the great God all mighty for every one to have a great day, and that we all be blessed though out the day.

I would be disappointed if the K-LOVE ministry would not be on air no more, On K-LOVE, you hear biblically encouraging messages every day from the teaching partners like Luis Palau Evangelistic Assoc., Roger Bothwell, Rescue Missions, Bob Kilpatrick, James Dobson-Family Minute, Dr. Bill Maier, Chuck Swindoll, Embrace Marriage, Need him, Proverbs 31 Ministries, Inc. they all have something encouraging word for every one who is willing to give up their sinful life still up to the good Lord all they have to do is call K-LOVE, and some one can lead them the whey in prayer. All day long they have positive music going, and there is some thing to smile about every day with the thing that they have going on air. I'm sure there are many others would say the same.

I have ask one of my friend that I see her on Sunday morning church and talk to her on the phone that dose not happen that much. She said that the music on K-LOVE is great to lessen too and there is no foolish music things on air. No one has to worry about that they will turn other people down when they have a problem they will pray for you any way there is needed. You can always have positive music playing 24/7.

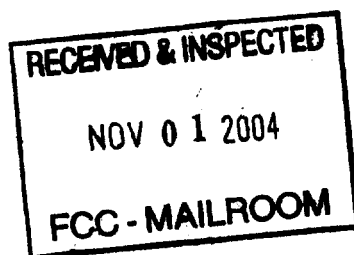

Again, thank you for your time. I'm one of the 15,000 or more people who enjoy the K-LOVE ministry. May you be truly be blessed and hope that you will let K-LOVE stay on air for other to hear the good news.

RE: MB Docket No. 04-233

DOCKET FILE COPY ORIGINAL

Federal Communications Commission
445 12th Street SW
Washington, DC 20554

To Whom It May Concern:

We have become aware of "MB Docket No. 04-233" and we wish to express our point of view before "MB Docket No. 04-233" is decided. We have until Monday, November 1, 2004, to express our first amendment right.

My husband and I travel with construction on a quarterly basis. We go from construction site to site and have depended greatly on a nation-wide FM station. This station can be found in major cities and the surrounding areas all across the country and we depend on this station to be available.

With the advent of "MD Docket No. 04-233," our station is in jeopardy. We listen to K-LOVE and this nation wide station is often heard on FM frequencies. If the LPFM stations are given precedence, then there is a chance that we will be unable to hear our station wherever we go. This is not acceptable.

We are so dedicated to this station that we support them monthly. While the FCC may not see a benefit of these types of station, we do. Without this station, hundreds of thousands will be without the station that they choose. These hundreds of thousands want to listen to K-LOVE so much that they support it with their own hard-earned money. K-LOVE is a listener supported-station and is supported nation-wide.

K-LOVE is a station that we can depend on for clean, family-friendly programming. They have an entertaining morning show, without the vulgarities often associated with morning shows. And we want to keep it this way.

No. of Copies rec'd
Line 1000

If K-LOVE were taken off the air, it would be against the will of the people. For if K-LOVE were wished off the air, it would not be so actively supported by hundreds of thousands across this great nation. As an organization supported by millions of tax dollars and created by a government of/for the people, then the FCC should not be willing to jeopardize stations listened to and supported by American citizens.

If K-LOVE were to be removed from the air, we would lose the radio station we depend on for music in our car, in our home, and at work. The radio waves would become land-mines and a trial-by-error with our children's ears suffering the consequences when we moved to a new area and tried to find an acceptable station.

K-LOVE supports family values, if an LPFM took K-LOVE's place, the "clean side of the radio" would grow dim. This must not happen. K-LOVE promotes honesty, integrity, and good citizenship. These are qualities that cannot be allowed to disappear. This is good for the community and of public interest.

And this is a choice of the people. This is most clearly evidenced by the fact that K-LOVE is listener supported and is growing and going strong. This should be persuasion enough.

Don't allow the Low Power FM (LPFM) to take priority over FM stations. We don't want to lose a station (and others like it) that benefit the community, operating in public interest and promoting honesty, integrity, and good citizenship, as well as supporting family values. In addition, K-LOVE is clearly a supported decision of American communities and the public.

Thank you for your time and consideration.

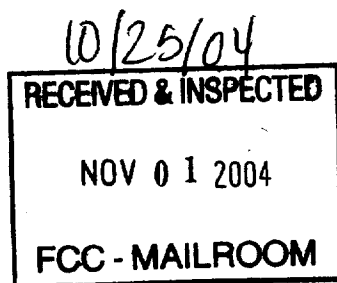

Regards,

 
William Alan and Bokerah Brumley

Gentlemen,

This is a letter in regards to a new Broadcast Service (LPFM). I have heard that this would take priority over current FM Service which would possibly cut off our K-Love Station.

I would ask + even beg that you would not expand this Service.

K-Love heard on our FM Station - 3 different places in NE 88.3, 89.9 + 88.1, is a vital part of our day. This Station ministers to my family and it is almost exclusively what we listen to. Also if we travel we know we can pick this Station up in many different places. Many of my friends + co-workers listen to this Station. It is not just a station with ordinary music but it is a ministry to hurting people. Personally I can say this station is a great comfort to me + it makes my day better. It sounds dramatic but it's true.

I also work in a mental hospital where I know the patients listen to this station. Many people would be

RE: MB Docket Number 04-233

Dear Sir or Madam:

I am a long term resident of Red Bluff, California, a local business owner, and community activist. I financially support K-LOVE, which is heard on local radio stations in our area as FM 88.3, 102.7, and 99.3.

K-LOVE provides a very valuable service to our community, both to Christians and to non-Christians alike. K-LOVE supports wholesome, family values, and has a positive and encouraging impact on our communities and families, not only at our local level, but statewide and across the United States.

K-LOVE provides a valuable service to people from every walk of life, at every social and economic level, and also at every level in their Christian faith. For people who are experiencing dysfunction, pain, grief, breakup of families, etc. K-LOVE provides hope through its wholesome, Christian based messages. K-LOVE provides the only radio station that I listen to. When my teenage daughter gets into the car, she immediately wants to change the channel to current teenage genre music. The lyrics are disgusting, and do little to foster values in our youth other than to promote drugs, promiscuity, violence, and bad language. Having K-LOVE as a more preferred option for myself, and my entire family, to listen to provides a refreshing respite from the battery of dysfunctional, morally bankrupt, music and language bombarding our society at every level of communication, including, not limited to, in magazines, television, and radio.

The effect on our Red Bluff/Tehama County area if K-LOVE were to be displaced by an LPFM broadcaster providing other programming would be profound. As Christians, and as parents who want to have wholesome programming available for our families and in our community, we should at

No. of Copies rec'd
List ABOVE

0

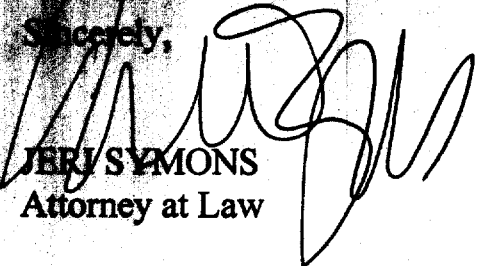

least have wholesome, family based Christian programming available to counteract the negative influences of other radio stations, assaulting our moral and auditory senses.

If cowboys can listen to, and have available to them, country music; if hard rockers can listen to their hard rock music; if those born in the 50s and 60s can listen to "the oldies", then those persons who want family wholesome programming and/or Christian music, should also be able to receive their preferred content of music and programming over the airways.

I urge you to not expand the LPFM stations in a way that would allow these types of stations to take priority over current FM translator services, especially those that would supplant K-LOVE. Allowing new LPFM stations to take priority over current FM translator services, such as for K-LOVE, would have a negative impact on communities all across America, and especially at our local Red Bluff/Tehama County area.

Thank you for your consideration of my comments.

Sincerely,

JERI SYMONS

DOCKET FILE COPY ORIGINAL - 26-04

FCC-MAIL ROOM

In reference to MB Docket No. 04-233, I want to write a short letter to discourage the FCC from allowing the new broadcast service LPRM from forcing existing FM translators off the air. I'm especially concerned about the contemporary Christian station - K-LOVE, heard on 90.1, 93.1 & 104.3 in & around the Little Rock, Arkansas Area. With the station being solely funded by listeners, it's apparent that the K-LOVE signal is intercepted by hundreds of thousands of listeners. This station brings a positive & encouraging impact not only into my home, but also into many lives within our communities. The station never, never presents questionable material to our children. So, undoubtedly the positive impact of K-LOVE ^{also} influences favorable behavior in our communities. This desired influence would be lost if these signals are forced off the air. I'm sure the loss of K-LOVE stations would be greatly missed by many people. Thanks for allowing comments on this subject.

Sincerely,

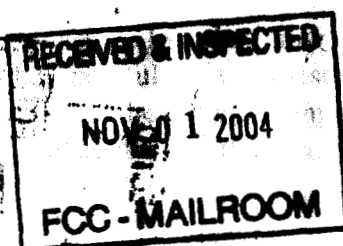

Rex D. Gerner

DOCKET FILE COPY ORIGINAL

Reference: MB Docket No. 04-233

To Whom It May Concern:

I am writing regarding the proposed rule change that could give priority to Low Power FM (LPFM) service over FM translator service. I would like to share that I am not in favor of such a change that may force FM translators off the air.

I personally am a listener of the K-LOVE broadcast that serves the San Antonio area on 91.3, 106.3 and 92.1. This station is the only station that I listen to in the area. It has provided both me and my family a huge service in broadcasting family-safe Christian music. This is the only station available in my area that I can turn on and not worry about offensive language or inappropriate content that I do not want my family to hear. In addition, their broadcast is a positive influence each day in my life and the life of my family as we get in the car to start our day. No other station in the area provides the uplifting and positive encouragement that K-LOVE does on a daily basis. One reason I became a resident of the San Antonio, TX community is because of the K-Love broadcast. I previously lived in Phoenix, AZ where I first encountered the positive experience of listening to K-Love. When my family decided they would relocate to Texas to be closer to our extended family, we chose San Antonio as our city of choice partly because they were the only area in South Texas at the time offering a K-LOVE radio broadcast.

The K-LOVE radio broadcast provides a wonderful service to the entire area. Without K-LOVE on the air, the local community would lose its only positive, spiritually uplifting station. Families would lose a safe and family friendly radio station that they can play at home and in the car without worrying about what children might hear. In addition, to having positive music to listen to, K-LOVE uses its broadcast to help support the many other positive services in the local area. Through their broadcast they make the community aware of local service events such as food drives, aid relief programs and charity events. Without the K-LOVE broadcast many of these local non-profit services would not have an effective and cost efficient way to advertise. In addition, K-LOVE's broadcast provides a place of worship for those that can not attend regular religious services. Many shut-in patients and individuals working irregular hours would lose a place of worship without having K-LOVE available 24/7. K-LOVE in many ways goes

No. of Copies rec'd _____
List AS001E

beyond just providing music to listeners; however, without the ability to broadcast the services would not be successful or even existent. Other stations competing for space only provide music with no other positive impact on the community, and unfortunately often times the music and content on those stations creates a negative impact for those listening.

The services and broadcasting that is available via K-LOVE is a very worthwhile service for the public at large. There are so few stations that even come close to offering what K-LOVE offers. It would be a shame to see a station like K-LOVE, who is so committed to the interests and needs of their listeners, to be replaced by a station that doesn't provide these services to the public.

As you move forward in this decision making process, please take my comments under consideration as I believe they reflect the attitudes and feelings of many of the K-LOVE listeners in my area that are not able to directly provide you comments. I'm sure that you will see the benefits of allowing a station such as K-LOVE to continue broadcasting via FM translator services and not be forced off the air in exchange for LPFM. Because of the positive contributions and services that K-LOVE provides to my local community on a daily, weekly and yearly basis, I am a financial supporter of K-LOVE and I look forward to having K-LOVE available and broadcasting in my area through my support for many years to come.

If you have any questions regarding my comments or would like to speak to me further regarding this issue, I am available at (210) 383-6111.

Sincerely,
